CoCo can you please confirm this? This stupid ass white boy whom I think must be gay insists that you have butt implants. I told him you indicated no on your website, but he insists. I have a bunch of big juicy booty videos of sistas and he says there is no way you do not have butt implants. Another Hater!!

That's funny...I'm always having to defend my own butt. For some reason people think since I'm white that I can't have a butt. Well, I've always been a little on the stalker side and always had a bubble butt. It's 100% all natural & real!!! They also think since I had my boobs done then why stop there? Well there wrong, I got them done 12 years ago and haven't done anything else to my body.

Thanks for sticking up for me.

Coco XoXoXo

Hi Coco. Thanks for responding to my e-mails. I just happened to see you some where on TV and realized that the general media really doesn't promote the image of a real woman that has curves and some meat on her bones. Then I saw you, I said to myself...."now THAT's what I'M talking about !" My fiancé has a body type similar to yours, but she is too shy to pose in for photos and videos like you do. It's not that I have a perversion for stuff like this; it just helps a little with the fantasy while having sex with the woman I love. You are very beautiful on the outside. I can't speak for other peoples' wives/girlfriends, but my girl does not feel threatened by a little sexual imaging aide...from another woman she admires herself. I

think you are also showing some inner beauty by communicating with the people like me because it shows that you are willing to make a connection with your fans, although you have to be careful about that too.

There are lots of weird and crazy people out there...which is probably why my fiancée is shy about modeling. I commend you for doing what you do!

Coco,

I want to start off by thanking you to take time to respond to your fans! That is so cool that you take time out of your busy schedule to make me feel appreciated. You are truly the most beautiful woman I have ever laid eyes on, and your so much more than outer beauty. I can tell from what I have read in numerous magazines and

watched from your you tube clips that you are multiple layers of beauty. I have never written to a model before, but you are different. You have fuckin rocked my world since I first saw you on the cover of 40 on 40. I can't get enough Coco; I will probably end up fired from my job and homeless from being distracted by your visions. Never listen to the haters out there, cause they are fuckin insane if they don't get it! This is Coco's World and never let anyone tell you different. Thanks for taking the time to read this; you are such a gift to us fans!!!

Hi Coco,

Just a quick note to say 'thanks' for the freebies on your website Coco's World. As a happily married man in his 50's living in suburban Sydney, you have brought a little joy and excitement into my life. You look absolutely sensational & I love your hourglass figure, especially in the tight dresses you wear (although I have no problem with you in a G string or less, especially seeing you on your haunches – what a fantastic ass you have (or arse as we say in Australia)). I have checked out a few blogs, and I'm amazed at the tone of the bloggers. It seems a lot of men are quite immature and just can't handle your sexuality. Which is strange because I'm sure the same men are downloading your images and getting the same kick as I am from viewing them. I'm no intellectual, but it seems right-wing countries such as the US generate a lot of hate & anger, while more socialist countries in northern Europe are more relaxed about these things – I'm sure Victoria Silvestadt doesn't have the same problem in Sweden...

Coco, from what I've read, you seem like a warm, caring person. Good luck with your career, and don't let the haters get to you. I look forward to seeing more of you on the red carpet and elsewhere. As women's sexuality is said to peak in their thirties you've yet to reach your prime. Looking at you now; that's almost scary...I hope Ice-T can cope, you're almost too much for one man!

My boyfriend is obsessed with your fake boobs, fake ass and fake hair. Please tell me who your surgeon is so I can look JUST LIKE YOU!! I'm sure it is a Brazilian surgeon. They do the best fake asses. The only thing my BF forgets is what a mess all that plastic will look like in a few years when gravity takes its course. Oh well, just go get it redone again, hey? How about a big page on all the cosmetic surgery, airbrushed and digitally enhanced photos and soft focus lens used for you???

WOW!!! Good old hate mail...Honestly I'd probably feel the same way if my man was obsessed with another woman. Lots of very mean and unnecessary words. Good luck with your relationship, but I'm truly not your real problem.

Love Coco

Hi Coco, I just wanted to tell you that I believe that you are a very beautiful lady and I am very jealous LOLLOL, SIKE I'm just playing but I am jealous!!!!!! I want you to know that because of you, you have motivated me to loose weight and stay in shape. I have lost 30 pounds and I will continue to workout so I can have the curves and A band like your self.

P.S. I hope to hear from U soon and I would like to thank you for being you, and that's COCO. your dearest fan.

Hello CoCo! I wanted to let you know that I'm soooo inspired by you. You are beautiful. I'm inspired to keep my body looking tight and beautiful and just being a hot housewife. (Even though I work). My husband loves you. He won't tell me that, but I'm not stupid, he loves you! You are a great, stylish person. If you have any advice on your tips on what you usually eat to keep that body looking in shape and healthy please give me some. I hope all is well at home. Keep being the great person you are.

ey guys, hopefully you're not sick of me yet because I'm just getting started. And to think, my career started with a little car calendar that blew up three years ago. Yes, I started modeling at age 15, but I took some time off in between. After the release of my calendar it was like BAM! Everything just took off from there. This is my 5th Coco Magazine to date and every issue has become more and more popular. My Coco site is now getting 8,000,000 hits a month and it's all because of your support. Thanks to everybody out there for enjoying my work. Your love and support are motivating. I still receive tons of email from fans across the country and I do try to respond to every one so please keep them coming.

COCO GETS READY FOR 2009

B Y T I F F A N Y L . J O N E S

W

e've captured Coco in the Hamptons in Long Island and we've captured her in sunny California. This time, we took her to a place that she often calls home, hot Arizona. And boy was it hot!!!! "I lived in Arizona five years before I met Ice and I was happy there. People always hear the word Arizona and think it's this far away place. So for this shoot my goal was to capture the beauty of what Arizona really has to offer. Yes, it can get very hot in Arizona, but what people don't realize is that it's only really hot 3 months out of the year. We also have lots of lakes and landscaping; it's beautiful! People also retire here because it's peaceful and relaxing. So it's not just about cactus and lizards in Arizona, as you will soon see from the pages in this book. If you've never been, maybe this will encourage you to visit."

What do you remember most about the day of your shoot? It was hot as hell when we were there. It was the middle of the summer, but hey, I got some good shots out there. What I remember the most is the fact that I got eaten alive after the shoot. We were at this really remote mansion in Carefree, Arizona and apparently there are lots of bugs there, bugs you can't see, which explains why I was getting eaten alive and didn't even know it. I woke up looking like I had the chicken pox. Imagine, I had scented oils all over my body which the bugs obviously loved.

You mentioned that you and Ice have been doing a lot of guest appearances. Where have you been lately? Yes, Ice and I have been doing a lot of appearances lately. I feel like we've been everywhere. We've been to Detroit, Ohio, Charlotte, and a lot of other cities to do club openings and stuff like that. Saturdays are the only day that we do appearances; and although they've been going pretty well, it's a bit much for me right now. At first it was fun, but every Saturday takes away from my personal time and so I feel a bit overworked lately.

What have you been working on recently? Coco's World has been my main focus lately. It's made up of three sites right now and it has a lot more to offer than just pictures. I want it to become like a Macy's department store; it will be a one stop shop. It will be like a Coco department store. I also just finished the private zone on my site and I want to become the most downloaded person on the web. I have thousands of pictures from the last 12 years that I've been modeling. I've focused on the private zone for the past year. There's a video section in the private zone, which features home videos produced by Ice, which is great because he's always by my side, so it's like paparazzi pictures, it's behind closed doors and this is the only way you will see me like that. I also have the official Coco Magazine where I have 70-90 pictures in one magazine.

Do you have any goals left to accomplish before the year ends? The year is almost over so not really. I've accomplished my goals or the year already; my main goal was my website and that's done. It cost thousands of dollars, but it was worth it.

What can we expect from you in 2009? I will have a downloadable calendar for your computer with a different picture each month, it's wallpaper for your computer. They can download it on my site as well. I am most known for my calendar so this year it's different. It's for your computer since everyone is so internet savvy and you don't have to print anything out. My Playboy video will be seen on my website first. I hope to finish by 2009.

Any update on your book? Ice and I were working with one agency and then we decided to change agencies and had to start all over. We might just write it ourselves at this point because agencies are funny. You have to have someone from their company write it up and have it perfect and we want it to be natural. I get a lot of comments from older women who don't approve of our relationship and blocking us from coming out. We've been married 8 years so obviously we have a strong marriage, regardless of how people feel and I think lots of people will want to hear about it.

Who are your biggest fans? It's hilarious. It is 50/50, 50% male, and 50% female, I thought it was more men. Women are curious, they want to know my work out regime and they want to know where I get my shoes or outfits. I cater more to women lately. I have more black males and then Hispanics. It's about 10% white, believe it or not. I wish I had more support from my own race. White guys like the skinny girl and that's not me.

COCO TALKS TO THE FEMALES

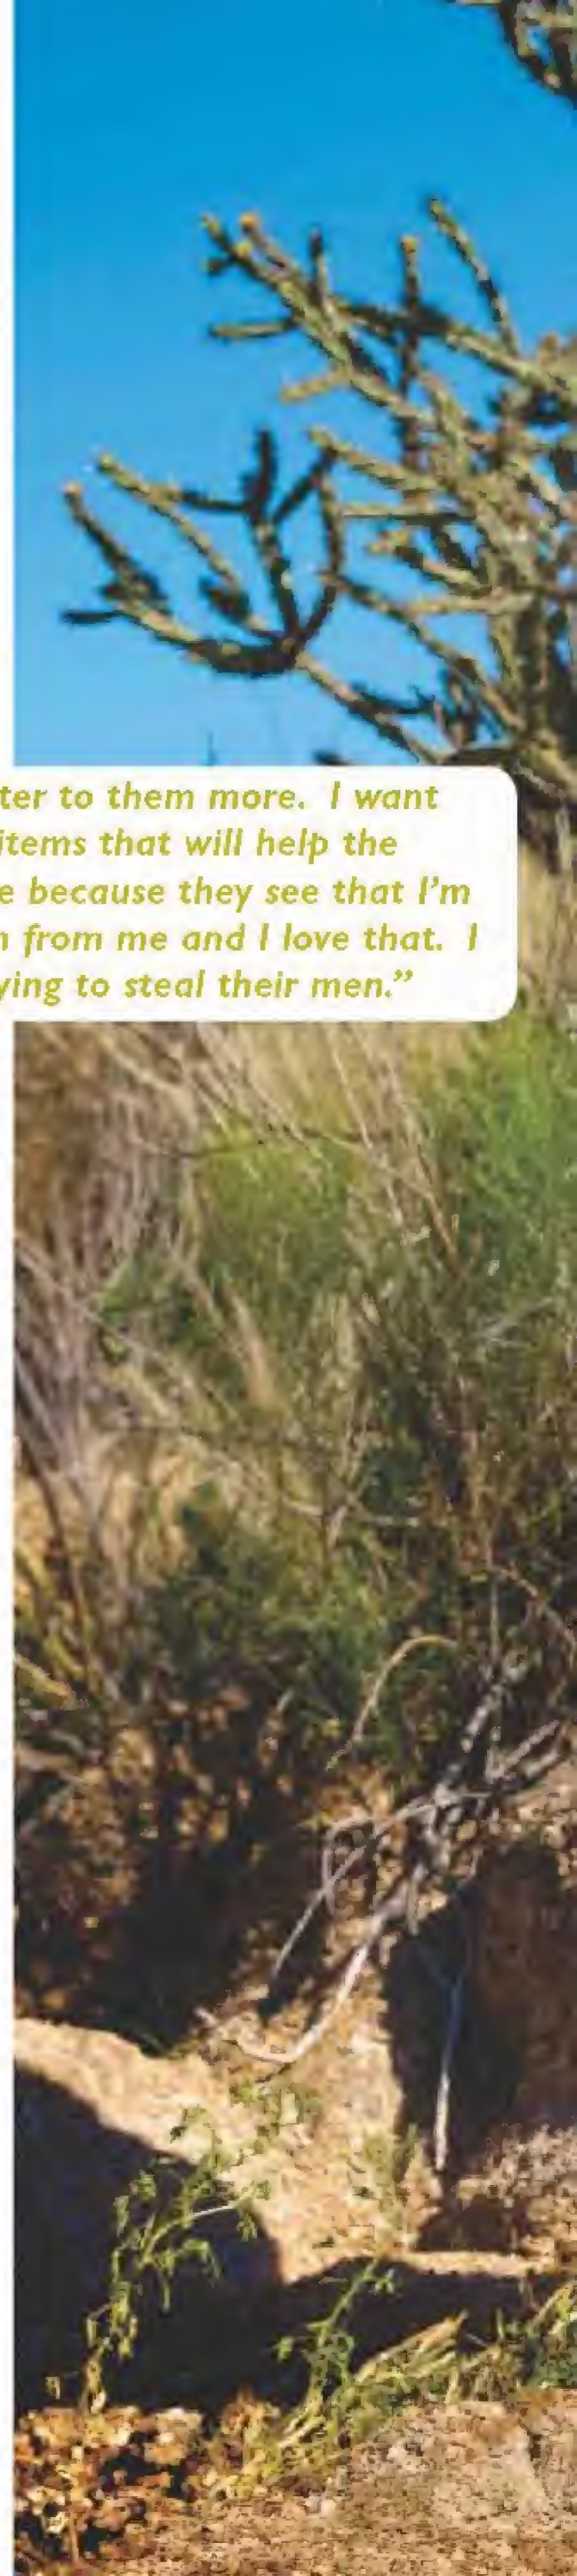

"Once I realized I had so many female fans, I decided I wanted to cater to them more. I want to have shoes and clothes on my website, you name it; I want to sell items that will help the ladies be extra sexy for their men. Women like to get advice from me because they see that I'm happily married and that Ice is happy and that maybe they can learn from me and I love that. I think women also like me because they know I'm married and not trying to steal their men."

What advice would you give to young women who want bodies like yours?

A lot of women are into plastic surgery now that it's open and it's okay to do anything. If you think it will enhance your happy side, then go for it. If you have a bad nose and surgery will make you happy then I say go for it. I don't recommend having butt implants; you have to sit on your butt, so that's not cool. I think women should just work out and build muscle and develop their butts; you can't do that with boobs so there is a difference and women should really think about it. Your butt will move around and it's forever so you could have problems later in life. Even your boobs need to be retuned now and then, like every 15 years, so you have to think money-wise also. I honestly say eat healthy, don't take food out of your diet, just go to the gym and lift and do cardio and you will be much shapelier and will thank me.

What about women who aspire to be in the industry? With my career I started out doing the oddest jobs; you have to build your resume. People don't want to hire you just because you are cute, so you have to take a job that may not pay just to get your resume together. Women think they can start off and get the Louis Vuitton campaign but it's not that easy. You have to work hard and make a name for yourself. Compete in competitions, do campaigns, commercials, be professional and learn along the way. It's like school and you have to train. Photographers are teachers and they are all different so learn what you can and slowly move up. Sign up with a good agency and that's it. Hopefully you will get work. It's more than just a cute face though.

Who do you share your deep dark secrets with? Ice knows everything, even if I had a dark secret I have told ice, I never wanted him to hear anything on the streets. If it's not ice and I need a woman to talk to, I usually talk to my sister. She is my backbone, we are best friends, we grew up with no money, it was hard, a single mother trying to make it work, she had cancer, she was dealing with a lot, we didn't know if she would live another day so we were each other's strength. We slept in the same bed for years; we have strong ties and are very close. She had twin girls a few months ago and they are really cute. She is a natural blond and I'm a natural brunette. One is blond and one is a brunette. One is dark and the other is light so they don't look like twins, but it's cute. They will grow up like us. Then next is my mom. We are more like friends than mother and daughter. I don't hold anything back. I talk about sex with her, it's cool. We don't hold back, which is great. I'm married now and old enough to know the difference and my mom doesn't really have close friends, so she calls me and I love it.

What effects has the current state of the economy had on you and Ice-T? For one thing we are losing money on an investment we made in Florida. We bought a condo in Sunny Isle when everything was booming. We bought it pre-construction and thought it would double in value. It took three years to build and was finished last year and now we can't sell it. We are paying on it and don't use it.

In what ways are you spending less or cutting back? We haven't bought anything big in the past year; we're saving our money because you never know what tomorrow brings. We could be moving to Wisconsin, you just never know, we are saving money and cutting back on spending.

COCO KEEPS IT REAL

Between hosting events, assisting her husband Ice-T on the set of Law & Order and their numerous commitments, Coco finds time to take care of personal stuff and do normal household things, such as cooking and cleaning. "I'm more of a home body. I'm also germ phobic, so I feel like I'm constantly cleaning and I also like to change my sheets frequently; I like to have that fresh Downy smell."

I'm sure it's hard to find time to clean some days. Why don't you just hire a maid? It's funny. People always ask why I don't have a maid, but I enjoy doing my own housework, and I strongly feel that there is no need to pay someone for the work I can do. I love doing laundry, I clean my own toilets, everything.

Do you get tired of people always asking if your butt and boobs are fake? I got my boobs done at age 18 to have my body more proportioned. I always had a big butt, but my boobs were average. I simply wanted my boobs fuller even though they were already okay. But since I got my boobs done, people think I got my butt done too, but I didn't. No matter how many times I say this, people still question the validity.

If you weren't modeling and married to Ice, what would you be doing? When I met Ice I was living in 3 places, Vegas, California and Arizona. If I didn't meet him I think I would live in California and would be modeling because that's my passion, that's what I love to do. Modeling is a form of art and I love it.

How do you and Ice plan to spend the holidays? We never change it up. We go to Arizona for Thanksgiving and Christmas. Blue Ice lives in California with his mom and comes to visit us in Arizona so he comes there. It's really nice because we bought a little place out there with a pool; it's small, quaint and it's perfect for us. We usually go to Vegas for New Year's because that's our anniversary, so we try to do something big that day.

COCO SHARES SOME INSIDE SCOOP ON HER MARRIAGE TO ICE-T

What do you consider to be the best aspect of your marriage? I would have to say the fact that we get along so well. I see so many couples that don't get along. I get calls from all my girls talking about how they argue all the time. Ice and I disagree but we get over it and don't fight.

How many years has it been now? It will be 8 yrs in a couple of months; that's almost a decade. I think we will renew our vows at 10 yrs and really do it up. We never had a big wedding or reception, so this time around we will do something special. I was never the big wedding kind of girl, but I would like that time to show my friends and family that we are in love. I would like the party part so I look forward to that.

Do you two ever get bored? If so, what do you do to add some excitement to your marriage? No, we are such a fast paced couple and are always moving, so most people want to do what we're doing. We do events, we meet lots of people. At the end of the day we look at each other and say, wow, we have a great life. It's a great marriage and we don't have time to get bored. I change my outfits a few times during the day so I can excite Ice since we are together all day.

How often do you two have sex? It's funny because we both have the same level of energy, we are both up at the same time and home at the same time, so if one of us is tired then both of us are tired. Maybe 4 times a week. We are in front of people a lot so it's hard to have sex during the day. We try to be spontaneous and sneak it in sometimes but usually I want him to concentrate and stay focused. But the more time I am with him, the more I want him. We see other people wanted our mate so that spices things up a little bit which is nice.

What's the hardest part of being married? I would have to say having patience. When you first meet someone you kind of let things slide because you are trying to be this perfect person, but after awhile your patience changes, so it's important to be able to be patient and maintain sometimes.

Do you ever deal with women flirting with your husband when you're with him? I think it's reversed actually; they try to get at me to tie him off. People like to piss Ice off for some reason, I guess because he has this hardcore tough guy image but they know he won't do anything to jeopardize his career. People typically respect us, honestly. People disrespect us over the internet, but not face to face. It's mostly guys that are into Ice and his music, so his audience for his shows is 95% men and they love his music. You have to be a hard girl to understand the words in his songs. I never listened to gangsta rap. I've always been more of an R&B girl, but Ice taught me that there was hardcore and gangsta rap and that there was a difference.

What would you do if you found out your husband was cheating on you? Would you leave him or would you try to work it out? It depends on the level of cheating and how I find out. If he was going behind my back for a long time, then that's a problem; if it was one time and he slipped, I would be upset but I think I could get over it. I couldn't stay with him if he was having a long term affair so I would have to leave because I wouldn't trust him. I hope it never gets to the point that I'm not satisfying him and that he has to look elsewhere.

Any plans for children in the near future? I've been getting that question a lot lately. I get a lot of pressure, even from family. I definitely want to have a child, so I guess some time soon. We have to slow down a little first. We live in a condo in NJ now and we need more space. I'm a good mommy to my dogs, so I can be stable if I want to be.

So can you honestly say that you are happy in your marriage? I am very happy with Ice! I think at first everyone had their concerns and thought that our marriage wouldn't last, but now we're going on 8 years, so that demands some respect! It's not easy, but we've maintained and we're very happy and people see that.
